25th March 2020

Dear Parents and Carers

I hope you and your family are well.

During this period of school closure it is vital, particularly for the children who attend STARS, that a routine is established and communication is maintained between home and school.

We will be monitoring the attendance of all pupils to Google classroom and continue to monitor attendance of those pupils who have a package with Tute. Unless your child is on Tute or there has been an individual programme agreed with Debbie then your child is expected to log onto Google classroom every weekday during term time. If your child is completing paperwork then please ask them to let their teachers know what they are doing by using the google platform to communicate this. The letter on the website dated 23.03.20 sets out what times teachers are available for immediate feedback. Attendance will be checked at 4pm each day and if there is no evidence that your child has accessed their learning through google classroom or that they have not communicated with a teacher then you will receive a phone call from a member of staff to offer support. A register is being kept and pupils will earn points towards a reward for each subject that they complete work for.

Instructions on accessing learning are on the school's website: www.starservice.org.uk and can be accessed from the home page 'Coronavirus update'.

Catherine will be monitoring the use of the school chromebooks being used at home as well as communication on the google platform to ensure that STARS e-safety policy is being adhered to.

HEALTHY SCHOOLS
LONDON

Let us know if there is any further support you need. The centre is being manned by a skeleton staff currently and phones will be answered when we are able to. Please leave a message and someone will get back to you within 24hrs.

Yours faithfully

Beverley Williamson
